Dear Jay

Re: Application Planning Permit PA2000998 Willatook Met Mast

Ecology and Heritage Partners was engaged in 2010 by Wind Prospect Pty Ltd to prepare an Aboriginal Cultural Heritage Management Plan (CHMP) for the development of the Willatook Wind Farm. To date, a desktop assessment, a standard assessment (field survey) and a complex assessment (subsurface excavation) have been undertaken as part of the CHMP process.

The proposed location of met mast is in an area that is mapped as an area of cultural heritage sensitivity (CHS) on ACHRIS based on the definition of CHS in the *Aboriginal Heritage Act 2006*. The area has been surveyed by Ecology and Heritage Partners staff in conjunction with Traditional Owners. The results of the survey indicated no Aboriginal heritage places; neither is the area considered to hold any archaeological potential for Aboriginal cultural heritage places.

Kind regards

Dr Meredith Filihia
Consultant Archaeologist/Heritage Advisor
Ecology and Heritage Partners Pty Ltd
