

# Apply for a planning permit

## Before you start

Department  
of Transport  
and Planning

### Are you in the right place?

Only applications where the [Minister for Planning is the responsible authority](#) are to be lodged through this portal.

Check the schedule to Clause 72.01 of your [local planning scheme](#) to see which responsible authority issues planning permits for your location.

### You will need these documents to submit this application:

- A full, current copy of title information for each individual parcel of land forming the subject site.
- A plan of existing conditions.
- Plans showing the layout and details of the proposal.
- Any information required by the planning scheme, requested by DTP or outlined in a DTP planning permit checklist.
- If required, a description of the likely effect of the proposal.
- If applicable, a current Metropolitan planning Levy certificate.

Fees will apply for this application - [find out about fees for planning applications](#). You need to pay all fees or request a fee waiver before you submit. We accept Credit Card payments online and support EFT payments.

This application will automatically save as you enter information.

## Preferred Contact

The preferred contact is the applicant (the applicant must be a person) Yes

## Pre-application meeting details

---

Have you submitted a pre-application meeting request already for this site? Yes

Enter the pre-application number

**ADVERTISED  
PLAN**

## Land details

---

Planning scheme Corangmite

At least one location must be provided to submit this application. Options for defining locations are described below:

- **Auto-populate using land titles:** Street addresses are extracted from uploaded land titles (lot on plan and crown allotments are not supported by this feature).
- **Map interface:** Specify up to 300 properties and parcels using search, select and/or a GIS shapefile.
- **Manual entry:** Use this when other methods fail. Locations are accepted as entered and are not system validated.

## Upload and scan land titles to automatically populate street addresses

### 1. Upload documents

### 2. Scan uploaded documents

- Detected street addresses will be added to the list below.
- You must check and confirm address details are correct.
- Documents are only scanned once. If additional documents are uploaded after a scan, only new documents will be scanned.
- Scanning of documents can take a few minutes to process. You will be unable to edit your application until this process has completed.

## Scan results

### Manual location details

It is strongly recommended that you use the map to search and select locations for land related to this application. Manually entering or editing locations could cause delays in your application processing if that location cannot be found.

## Application details

---

<b>Describe your proposal</b>	The Mumblin Wind Farm is located on Curdies – Leichfield Rd at Elingamite North, Victoria, approximately 10 km south west of Cobden. The wind farm will consist of up to eight wind turbine generators together with ancillary civil and electrical infrastructure required to construct and operate the wind farm.
<b>Is this application a combined S96A application (i.e. a combined amendment and planning permit application)?</b>	No
<b>What is the application trigger?</b>	Other
<b>Please specify the provision or clause the application is required under (if known)?</b>	52.32
<b>Please select the application category</b>	Other
<b>Enter the estimated cost of any development for which the permit is required</b>	Failed to convert value: 10000000000
<b>What is the current land use?</b>	Agriculture

**ADVERTISED  
PLAN**

**This copied document to be made available for the sole purpose of enabling its consideration and review as part of a planning process under the Planning and Environment Act 1987. The document must not be used for any purpose which may breach any copyright**

**Describe how the land is used and developed now**

The subject site is bounded by Walshes Road and Hanleys Road to the north, Timboon – Terang Road to the west, Cobden – South Ecklin Rd and Horsteds Road to the east, and Cobden – Warrnambool Road to the south. The subject site consists of twenty-seven privately owned parcels, together with ten road reserves adjoining their boundaries which are to be utilised for access and the reticulation and export of electricity. The subject site is well suited for a wind farm of the proposed scale with direct access to necessary infrastructure, and the proposal is well supported by the balance of policies under the planning scheme, particularly those which seek to encourage the provision of renewable energy with minimal impact on the amenity of the area in which it is located. The land defined by the subject site is used for grazing and dairy farming. There are six occupied dwellings located on the parcels which comprise the subject site, all of which belong to participating

landowners. Existing access to the site (for its current use) is via a combination of well-constructed and poorly constructed farm tracks which feed a network of smaller unformed farm tracks that traverse the site. There are a number of small farm dams scattered throughout the site, as well as a range of farm buildings including dairies, haystacks, grain silos and storage sheds, the majority of which are located in clusters throughout the site.

**Does this application look to change or extend the use of this land?**

Yes

**What is the proposed land use?**

Agriculture

**Does the proposal breach, in any way, an encumbrance on title such as a restrictive covenant, section 173 agreement or other obligation such as an easement or building envelope?**

No

**ADVERTISED  
PLAN**

## Additional details

---

**Does this application involve the creation or removal of dwellings?**

No

**Does the application involve native vegetation removal?**

Yes

**What is the Native Vegetation Removal Report (NVR) number?**

315\_20250402\_B3E

**What is the credit extract id?**

**Does this application involve the creation or removal of lots?**

No

**This copied document to be made available for the sole purpose of enabling its consideration and review as part of a planning process under the Planning and Environment Act 1987. The document must not be used for any purpose which may breach any copyright**

Does the activity require preparation of a Cultural Heritage Management Plan (CHMP)?

Yes

This copied document to be made available for the sole purpose of enabling its consideration and review as part of a planning process under the Planning and Environment Act 1987. The document must not be used for any purpose which may breach any copyright

## Supporting documents

---

The following supporting documents must be submitted with this application, preferably in PDF or Word format

- A full, current copy of title information for each individual parcel of land forming the subject site.
- A plan of existing conditions.
- Plans showing the layout and details of the proposal.
- Any information required by the planning scheme, requested by DTP or outlined in a DTP planning permit checklist.
- If required, a description of the likely effect of the proposal (for example, traffic, noise, environmental impacts).
- If applicable, a current Metropolitan planning Levy certificate (a levy certificate expires 90 days after the day on which it is issued by the State Revenue Office and then cannot be used).

### Supporting documents

01 Planning Report.pdf  
02 Volume Two Appendices A-G.zip  
02 Volume Two Appendices H-N.zip  
03 Land Details.zip

### 3D digital model

A 3D digital model will assist to clearly communicate your application's intentions and enhance the review process. We encourage and recommend submitting a 3D digital model as part of your application.

- **Mandatory** formats: **FBX, OBJ, 3DM**; Optional supplementary formats: RVT, IFC
- Triangle count under five million per development.
- Unit scale in metric.
- The maximum file size is 250 MB.
- Please refer to the [technical guidance for submission](#) to check your model meets all specifications. We will request a re-submission of the 3D digital model if the specifications are not met.
- If you are unable to submit your 3D digital model, contact [visualisation@transport.vic.gov.au](mailto:visualisation@transport.vic.gov.au) for assistance.
