Planning scheme Alpine Resorts

At least one location must be provided to submit this application. Options for defining locations are described below:

- **Auto-populate using land titles:** Street addresses are extracted from uploaded land titles (lot on plan and crown allotments are not supported by this feature).
- **Map interface:** Specify up to 300 properties and parcels using search, select and/or a GIS shapefile.
- **Manual entry:** Use this when other methods fail. Locations are accepted as entered and are not system validated.

## Upload and scan land titles to automatically populate street addresses

### 1. Upload documents

### 2. Scan uploaded documents

- Detected street addresses will be added to the list below.
- You must check and confirm address details are correct.
- Documents are only scanned once. If additional documents are uploaded after a scan, only new documents will be scanned.
- Scanning of documents can take a few minutes to process. You will be unable to edit your application until this process has completed.

### Scan results

### Review locations

Locations created from scanning land title documents or using the map will display here.

## Manual location details

It is strongly recommended that you use the map to search and select locations for land related to this application. Manually entering or editing locations could cause delays in your application processing if that location cannot be found.
