

Contractor car parking on the Great Alpine Road

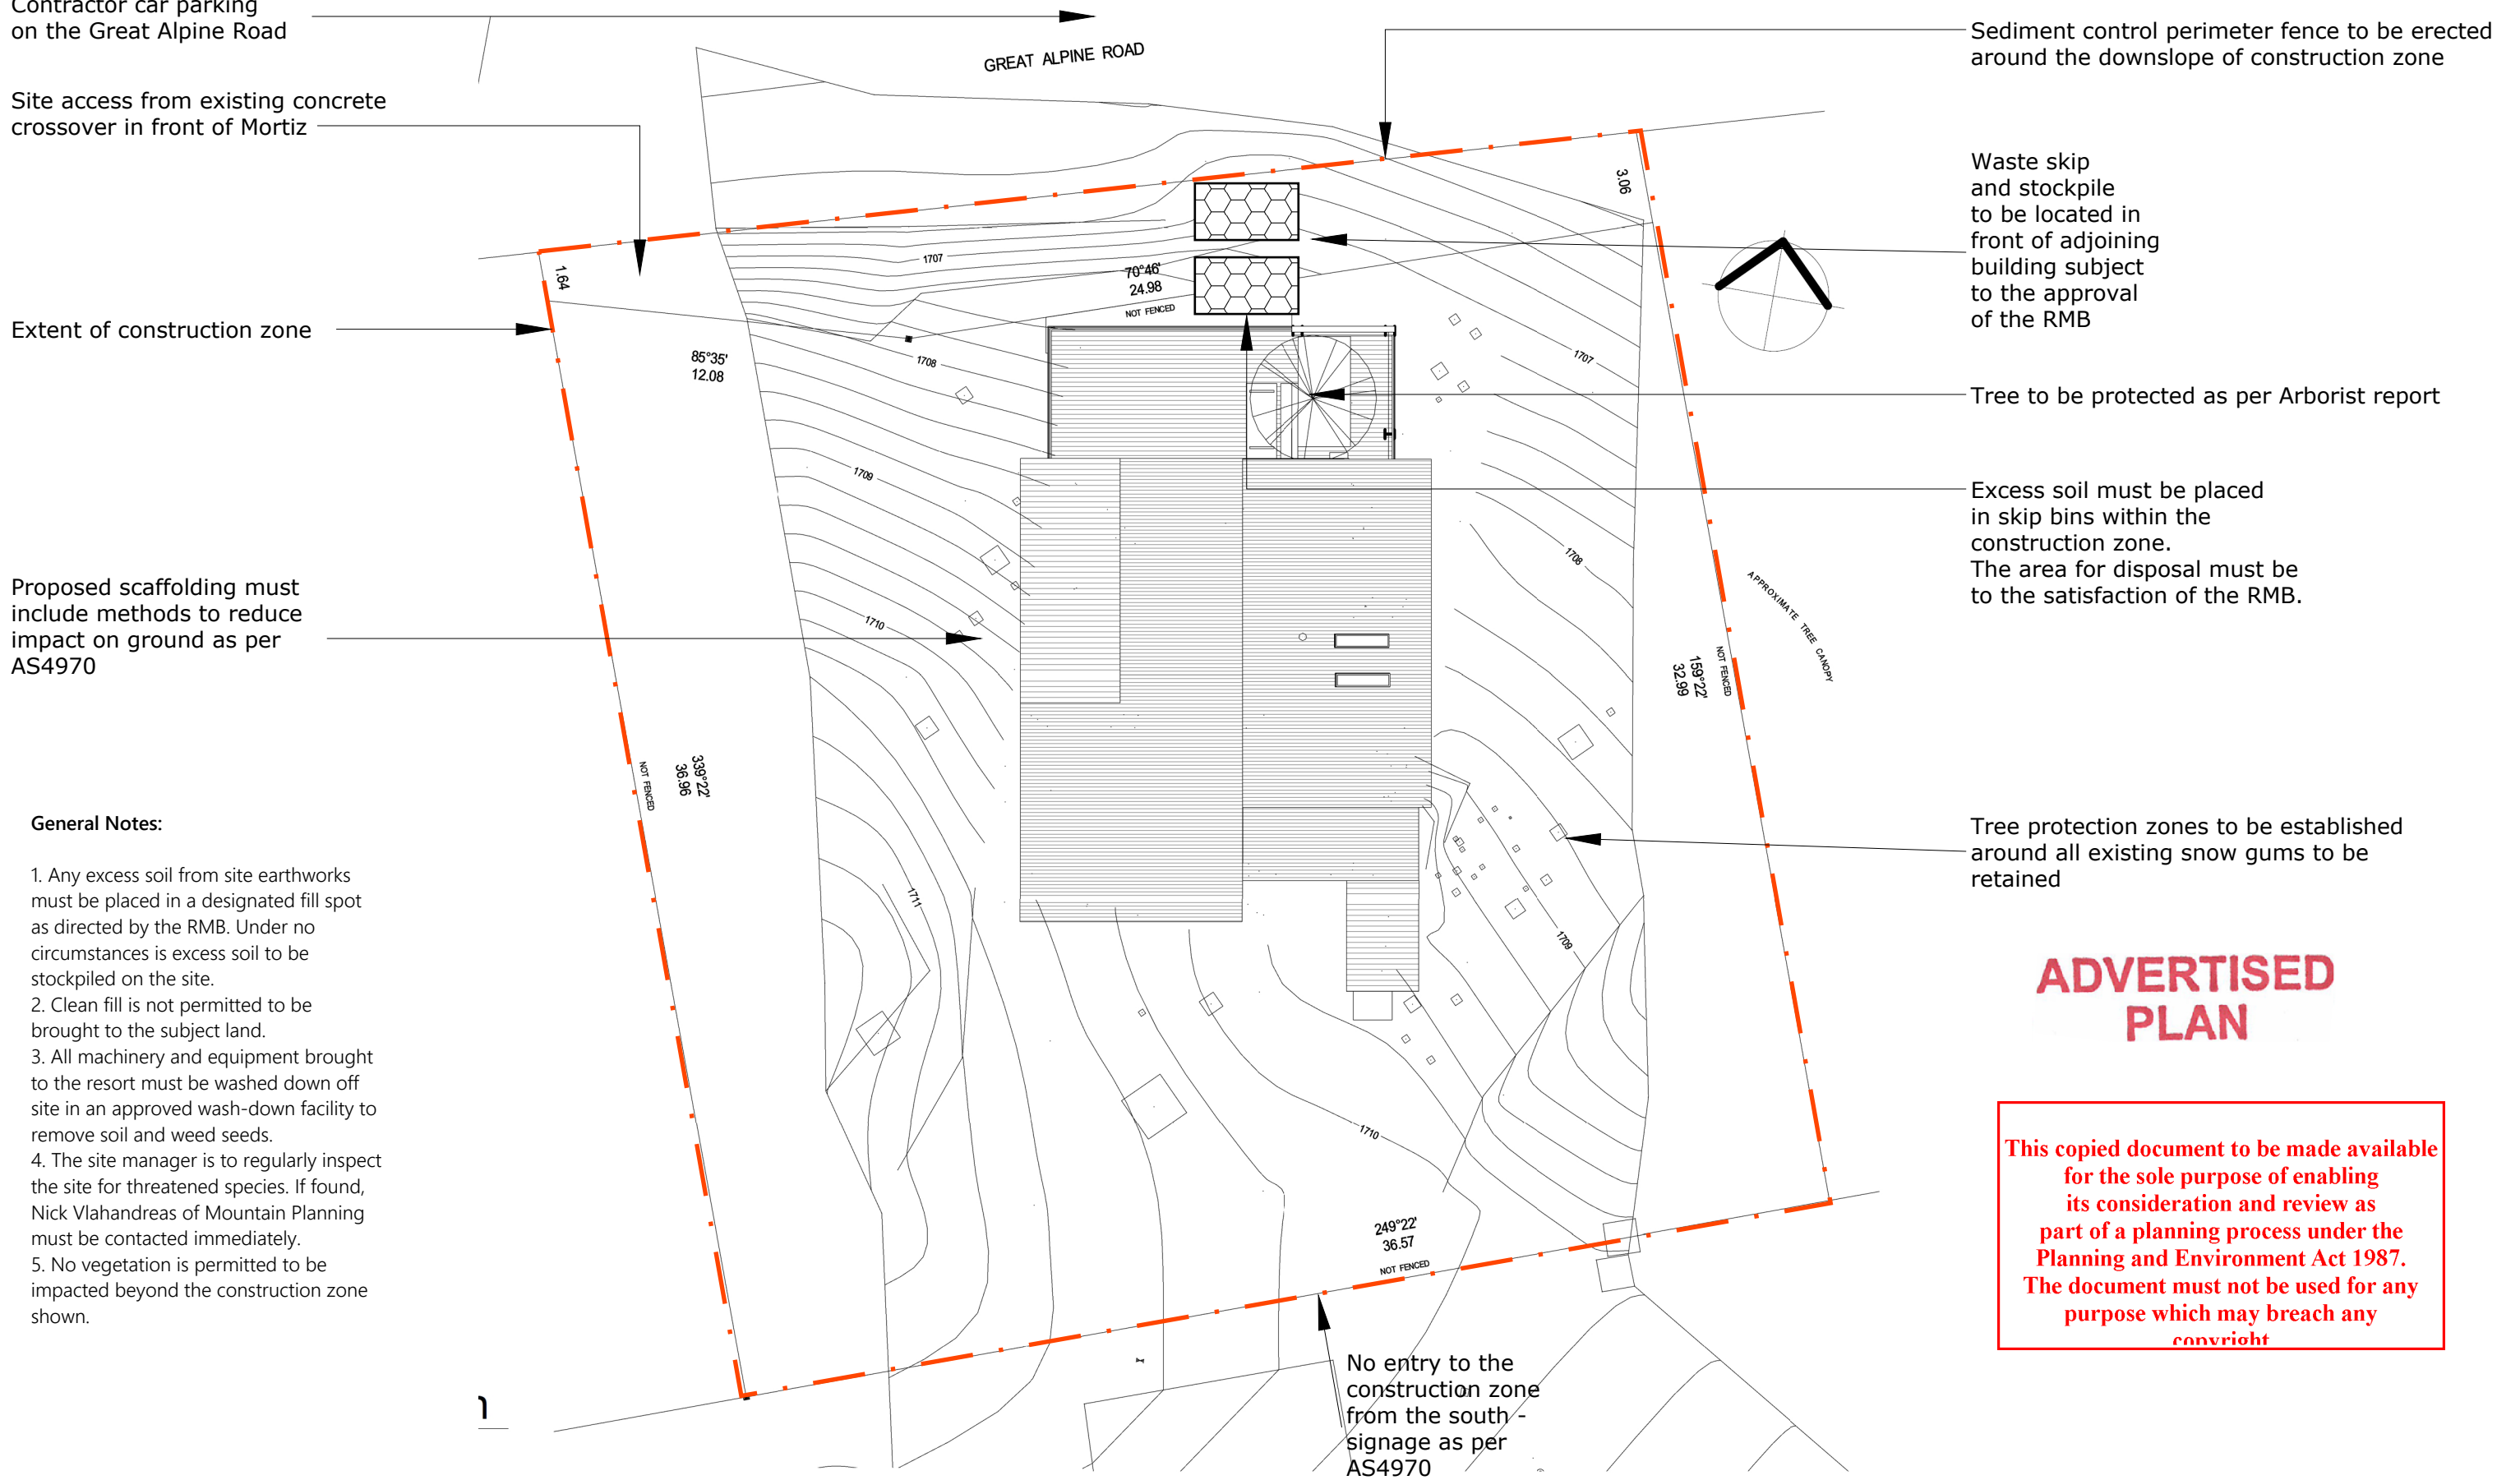

Site access from existing concrete crossover in front of Mortiz

Extent of construction zone

Proposed scaffolding must include methods to reduce impact on ground as per AS4970

**General Notes:**

1. Any excess soil from site earthworks must be placed in a designated fill spot as directed by the RMB. Under no circumstances is excess soil to be stockpiled on the site.
2. Clean fill is not permitted to be brought to the subject land.
3. All machinery and equipment brought to the resort must be washed down off site in an approved wash-down facility to remove soil and weed seeds.
4. The site manager is to regularly inspect the site for threatened species. If found, Nick Vlahandreas of Mountain Planning must be contacted immediately.
5. No vegetation is permitted to be impacted beyond the construction zone shown.
