Dear Mr Skoien

PROPERTY ADDRESS: INTERSECTION OF NORTHERN HIGHWAY AND
WANDONG ROAD, KILMORE

Thank you for your enquiry dated 15 October 2024 regarding the proposed construction of a roundabout and associated removal of native vegetation at the intersection of Northern Highway and Wandong Road, Kilmore (**the proposed development**).

The Public Acquisition Overlay 5 (PAO5) applies to a portion of land within the Northern Highway road reserve and to the land at 1425 Northern Highway, Kilmore. The Schedule to the PAO identifies the Roads Corporation (i.e., Head, Transport for Victoria) as the Acquiring Authority and 'road construction and widening' as the purpose of the acquisition for land affected by the PAO5.

The Head, Transport for Victoria has not yet acquired private land required for the project. Clause 45.01-1 of the Mitchell Planning Scheme identifies the circumstances where a permit may be required under the PAO. The clause specifies that this does not apply to:

- *To an authority or a municipal council if the responsible authority, after consulting with the acquiring authority for the land, is satisfied that any of the above matters for which a permit is required is consistent with the purpose for which the land is to be acquired.*

I confirm that the Head, Transport for Victoria is satisfied that the proposed development and associated roadworks are consistent with the purpose for which the land is to be acquired.

Should you have any enquiries regarding this matter, please contact Sophia Lim Joon on LMH.Statutory.Planning@transport.vic.gov.au.

Yours sincerely

Elke Cummins

Manager Statutory Planning
Under delegation from the Head, Transport for Victoria
