

DETAILS
NOTATIONS

Bearing Datum is MGA2020 Zone 55. Coordinates are Plane Coordinates of ground distances based on a truncated MGA2020 coordinate value for BM 1 of E: 30529202 N: 58529217
Levels are to Australian Height Datum as derived using GPS Height observations. The absolute accuracy of this determination is +/- 0.05m
Contour Interval = 0.1m
Trees are shown true to scale. Only significant trees are shown.

This survey has located surface features in accordance with client instructions and would generally include visible utility services. The underground services have been located from data supplied by the client. The location of underground services is shown as a best fit. Accurate location of services can only be questioned by excavation. Prior to any demolition, excavation or construction on the site the relevant Authorities should be contacted to ascertain the possible locations of further services and detailed location of all services.

WARNING:
A Title Re-establishment Survey has not been undertaken. Title boundaries shown hereon are compiled from the appropriate Titles and have been located as a best fit of existing fencing only.
