PLAN**

# 1 INTRODUCTION

Transport and Traffic Solutions has been engaged by Westbourne Grammar School, to prepare a Green Travel Plan (GTP) for their Truganina Campus, located at 300 – 340 Sayers Road, Truganina.

The purpose of the GTP is specifically to promote and encourage students and staff to choose active travel options such as walking, scootering, cycling and public transport services when travelling to and from the school site and reduce dependence on private motor vehicle use. The GTP provides useful information about the site location, distribution of students in proximity to the school, details of existing sustainable transport facilities, objectives of the GTP, an Action Plan, and monitoring and review processes.

The GTP has been prepared in support of a planning permit application to construct a new Year 5 to 8 building on the site. This GTP should be updated prior to the building's opening around June 2025.

# 2 SITE LOCATION

Westbourne Grammar School is located at 300-340 Sayers Road, Truganina. It is bounded by the Forsyth Road Drain, vacant land and existing residential dwellings to the north, Marquands Road to the east, Sayers Road to the south, and existing residential dwellings to the west. The total site area is approximately 36.4 hectares. Refer Figure 2.1 for the school location.

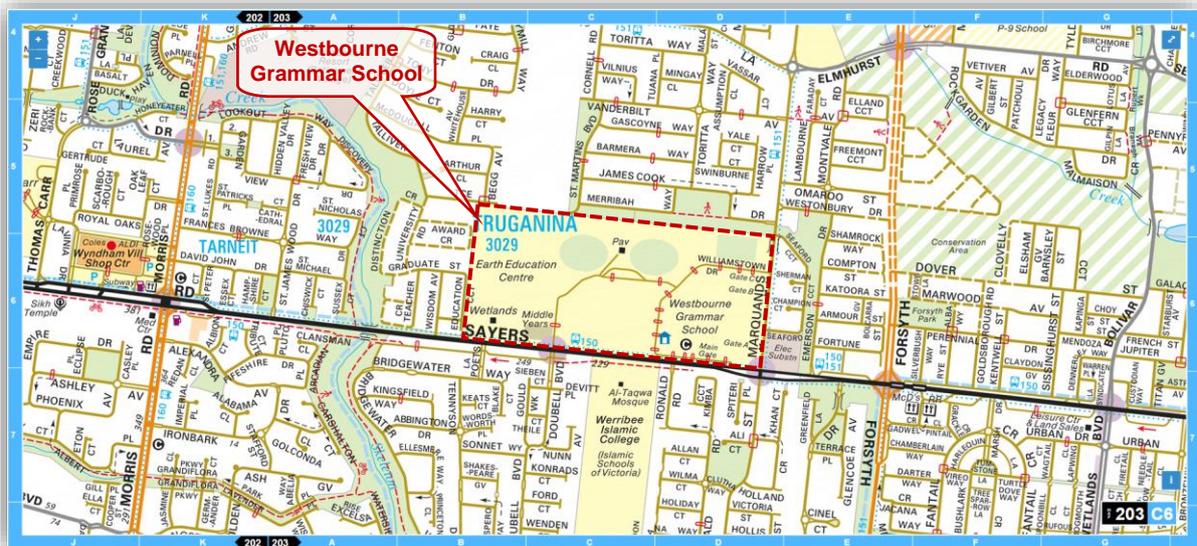

Figure 2.1: Locality Plan<sup>1</sup>

**ADVERTISED  
PLAN**

This copied document to be made available for the sole purpose of enabling its consideration and review as part of a planning process under the Planning and Environment Act 1987. The document must not be used for any purpose which may breach any copyright

## 3 WESTBOURNE GRAMMAR SCHOOL

### 3.1 General

Westbourne Grammar School offers early years, primary, and secondary school learning via the provision of the following infrastructure located within the site:

- School buildings, randomly located between Williamstown Drive, Marquands Road and Sayers Road for Years 3 to 8 and Years 10 to 12 students, and either side of Doubell Boulevard for ELC (Amici), Prep to Year 2 (Winjeel), and Year 9 Students (Geoffrey Ryan Centre).
- A sports and aquatic centre & gymnasium located to the south of Williamstown Drive, west of Marquands Road.
- Senior sports ovals (Williams and College Ovals) including a sports pavilion to the north of Williamstown Drive and Doubell Boulevard.
- Junior sports ovals to the west of Williamstown Drive north of Sayers Road.

### 3.2 Access & Parking

Pedestrian access to the site is provided from:

- Doubell Boulevard - West side of the signalised intersection.
- Marquands Road - North-west of the Sayers Road/ Marquands Road intersection.
- Marquands Road - North of Gate C.

Vehicle Access to the site is provided from:

- Sayers Road via the Doubell Gate (entry & exit) and the Main Gate (exit).
- Marquands Road via Gate A (exit), Gate B (emergency vehicle access only), Gate C (entry & exit), and Gate D (exit). A deliveries and trade access gate is also provided south of the sports & aquatic centre.

Off-street car parking facilities are provided within the site as follows:

- Visitor Parking - Williamstown Drive, Amici & Winjeel, Doubell Boulevard, and at the Sports Pavilion.
- Staff Parking - Marquands Road, north of Sayers Road, Central, and at The Geoffrey Ryan Centre.
- Maintenance & Delivery Vehicle Parking – North of Sayers Road, north of the maintenance shed, and south of the Sports & Aquatic Centre.
- Bus parking – Central within the site to the south-east of the college oval.

Refer Figure 3.1 for a map of the school and the location of the above infrastructure.

Page | 6

## 4 DISTRIBUTION OF STUDENTS

Based on the school enrolments for the 2023 school year, approximately 1% of students live within 1 kilometre of the school, 18% of students live within 1-2 kilometres of the school, 60% of students live within 2-5 kilometres of the school, and 21% of students live more than 5 kilometres from the school. Refer Figure 4.1 for the distribution of students in proximity of the school site.

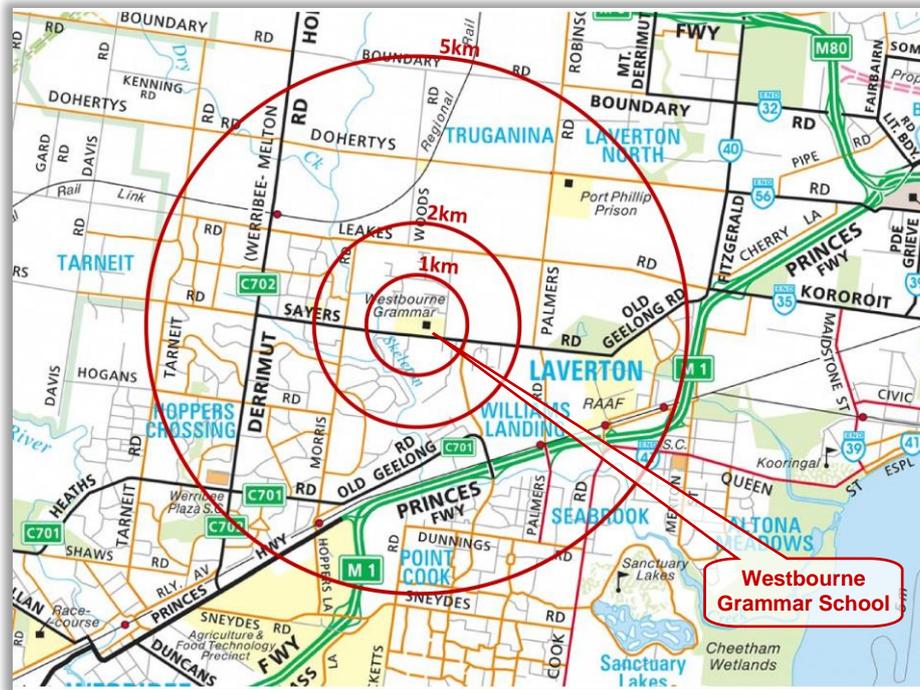

Figure 4.1: Distribution of Students<sup>3</sup>

As 19% of Westbourne Grammar School students live within 2 kilometres of the school, it is expected that there is a good potential for 19% of the school student community to walk, scoot and ride to school.

This copied document to be made available for the sole purpose of enabling its consideration and review as part of a planning process under the Planning and Environment Act 1987. The document must not be used for any purpose which may breach any copyright

## 5 SUSTAINABLE TRANSPORT

The school site is well serviced with transport infrastructure that will allow school users to choose active travel options over the private motor vehicle when travelling to/ from the school site. Details of this transport infrastructure are provided below.

### 5.1 Public Bus

The school site has excellent access to public transport facilities.

Bus Route 150 Williams Landing Station - Tarneit Station operates along Sayers Road to the south of the school. The closest bus stops that service both route directions are located directly south of the school. Buses service these stops every 15-17 minutes prior to the school start and after the school end times.

Bus Route 151 Williams Landing Station - Tarneit Station via Westmeadows Lane operates along Marquands Road to the east of the school. The closest bus stops that service both route directions are located directly east of the school, south of Gate C. Buses service these stops every 18 minutes prior to the school start and after the school end times.

Refer Table 5.1 for details on the Route 150 & 151 bus service and Figure 5.1 for the bus services within the Truganina area. Refer also Figure 5.2 for the bus services and stops located within the vicinity of the school site.

**Table 5.1: Route 150 & 151 Bus Service Details**

Bus Route	Nearest stop	Approximate distance / walk time from the school	Time of Service Before & After School
150	To Tarneit Station – South side of Sayers Road, 40 meters west of Marquands Rd.	80 meters ~ 1 minute	8:15am & 8:31am 3:40pm & 3:57pm
	To Tarneit Station – South side of Sayers Road, 50 meters west of Doubell Blvd.	100 meters ~ 1 minute	8:15am & 8:31am 3:40pm & 3:57pm
	To Williams Landing – North side of Sayers Road, 130 meters west of Marquands Rd.	130 meters ~ 2 minutes	8:16am & 8:43am 3:44pm & 4:02pm
	To Williams Landing – North side of Sayers Road, 120 meters west of Doubell Blvd.	160 meters ~ 2 minutes	8:13am & 8:37am 3:38pm & 3:57pm
151	To Tarneit Station – West side of Marquands Rd, opposite the sports & aquatic centre.	85 meters ~ 1 minute	7:51am & 8:26am 3:39pm & 4:18pm
	To Williams Landing – East side of Marquands Rd, opposite 20 Marquands Rd.	160 meters ~ 2 minutes	7:58am & 8:19am 3:45pm & 4:03pm

## 5.2 Private Bus

The college currently operates seventeen private bus services prior to the school start and after the school end times and six late private buses for after school activities. Details of each bus service are as follows. Refer Appendix A for details of each bus route, including pick up and drop off times and stop locations.

➤ Before & After School –

- Bus Route 2 - Werribee South
- Bus Route 5 - Wyndham Vale
- Bus Route 7 - St Albans / Sunshine / Keilor Downs / Cairnlea
- Bus Route 8 – Williamstown
- Bus Route 10 - Footscray / Newport
- Bus Route 11 - Spotswood / Altona
- Bus Route 12 - Yarraville / Footscray / Newport / Altona North
- Bus Route 13 - Spotswood / Newport / Williamstown
- Bus Route 15 - Altona / Altona Meadows / Laverton
- Bus Route 16 – Williamstown
- Bus Route 17 - Yarraville / Spotswood / Williamstown
- Bus Route 18 - Rifle Range Estate / Williamstown
- Bus Route 19 - Ascot Vale / Footscray / West Footscray
- Bus Route 20 - Hillside / Sydenham / Caroline Springs
- Bus Route 21 - Sanctuary Lakes
- Bus Route 22 - Point Cook/Boardwalk, Williamstown Campus
- Williamstown Campus - Truganina Campus to Williamstown Campus

➤ Late Bus -

- Bus Route 1 - Williamstown, Spotswood, Yarraville, Seddon, Kingsville
- Bus Route 2 - Hoppers Crossing, Laverton, Sanctuary Lakes, Point Cook Rd, Altona Meadows
- Bus Route 3 - Williamstown, Williamstown North
- Bus Route 4 - Hoppers Crossing, Werribee Plaza, Werribee, Wyndham Vale
- Bus Route 5 - Sunshine, Footscray, Avondale Heights, Keilor East, Deer Park, Caroline Springs
- Bus Route 6 - Altona Nth, Newport.

**ADVERTISED  
PLAN**

**This copied document to be made available for the sole purpose of enabling its consideration and review as part of a planning process under the Planning and Environment Act 1987. The document must not be used for any purpose and may breach any copyright**

Approximately 556 (37%) children use the bus service to arrive to school in the morning and 637 (42%) students use the bus service to return home in the evening.

## 5.3 Bicycle Network

The site is surrounded by limited off-road bicycle facilities. A shared path is provided on the north side of Sayers Road between 352 Sayers Road and Skeleton Waterholes Creek, south side of Sayers Road between Forsyth Road and Skeleton Waterholes Creek, and within the Skeleton Waterholes Creek reserve. Refer Figure 5.3 for an illustration of the existing off-road bicycle infrastructure located within a one kilometre radius of the school site.

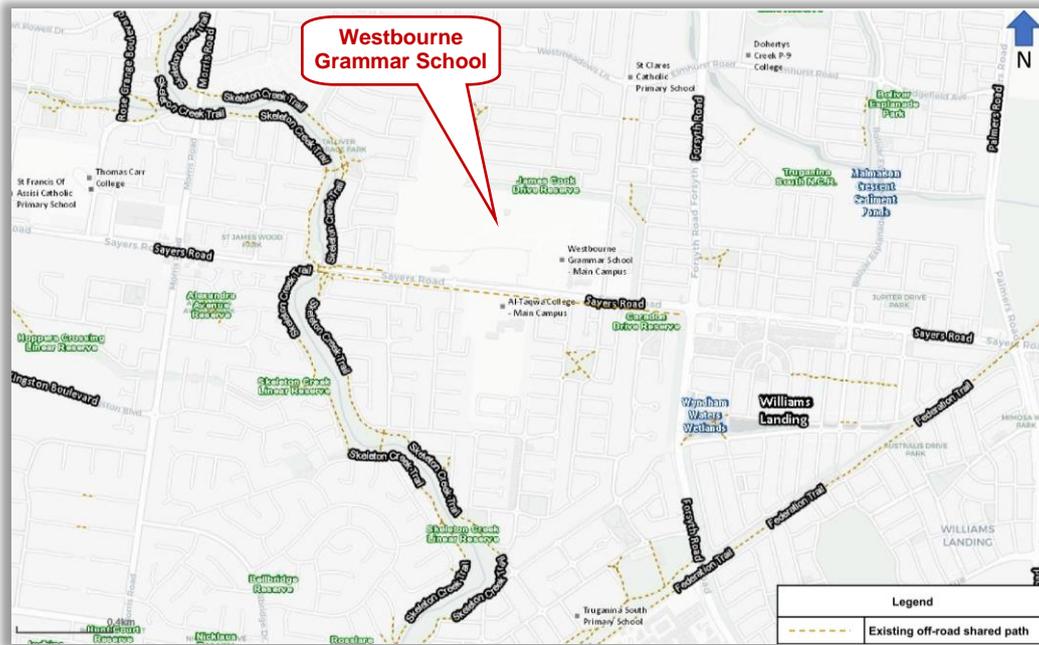

Figure 5.3: Bicycle Network Adjacent to the School Site

## 5.4 On-site bicycle facilities

A total of 48 bicycle parking spaces are provided within the school site as follows:

- Horsburgh Centre (south) – 4 spaces via 2 hoops.
- The Geoffrey Ryan Centre (north-east) – 24 spaces via 12 hoops.
- Sports & Aquatic Centre (north) – 10 spaces via 5 hoops.
- Senior School Building / Gate B (south-east) – 10 spaces at a bicycle rack.

This copied document to be made available for the sole purpose of enabling its consideration and review as part of a planning process under the Planning and Environment Act 1987. The document must not be used for any purpose which may breach any copyright.

Refer Figure 5.3 for an illustration of the existing on-site bicycle parking facility locations.

Figure 5.4: On-site Bicycle Parking Facilities

## 5.5 Walking Network

Figure 5.5 details the existing footpath network located within a one kilometre radius of the school site including controlled road crossing locations.

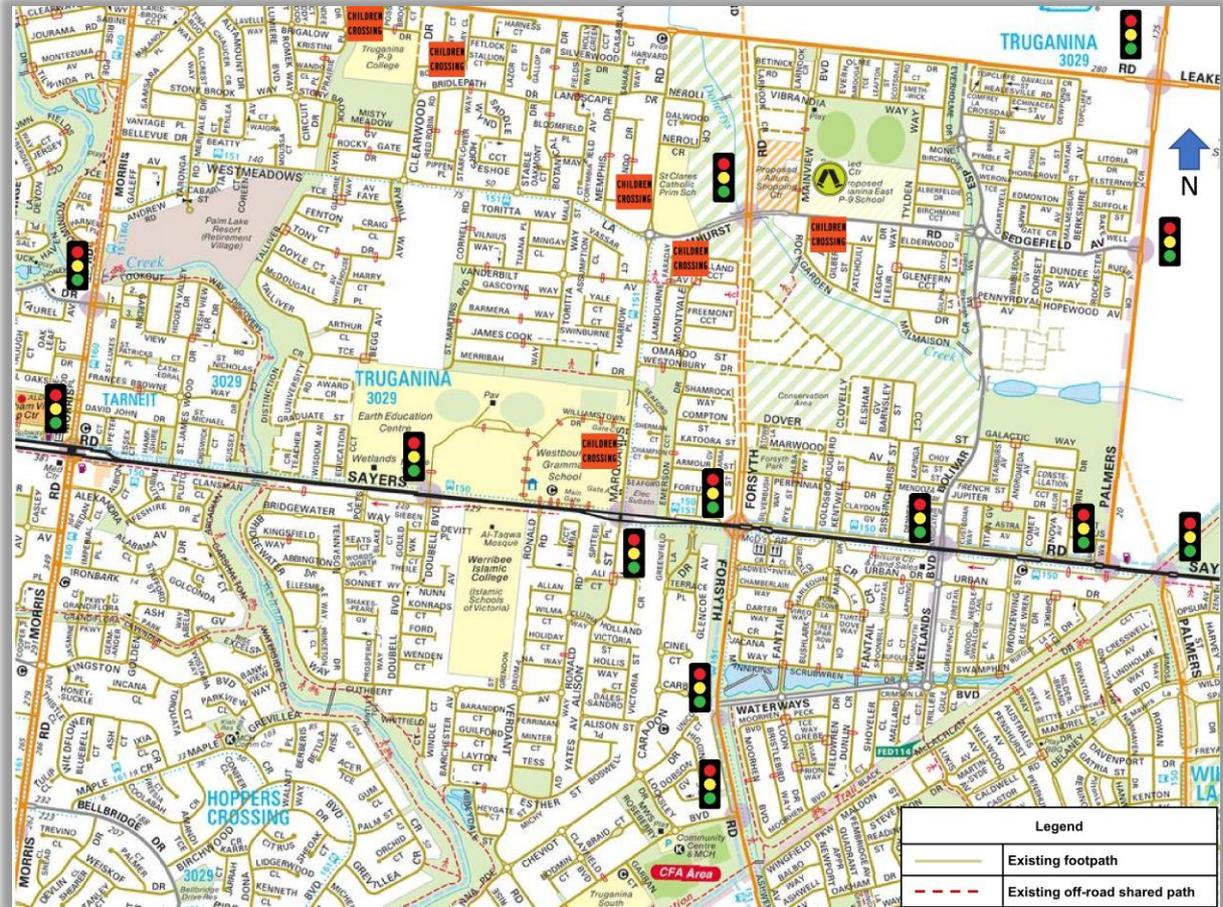

Figure 5.5: Footpath Network Adjacent to the School Site

This copied document to be made available for the sole purpose of enabling its consideration and review as part of a planning process under the Planning and Environment Act 1987. The document must not be used for any purpose which may breach any copyright

ADVERTISED PLAN

## 6 GREEN TRAVEL PLAN

### 6.1 Objectives

The purpose of this Green Travel Plan is to promote and encourage students and staff to choose active travel options such as walking, scootering, cycling and public transport services when travelling to and from the school site and reduce dependence on private motor vehicle use. This will be achieved through the following objectives:

1. Build a school culture that supports active travel by motivating, encouraging, and educating students, families, and staff.
2. Create a safer, healthier, and more orderly environment around the school during the school times by reducing the number of vehicles and promoting safer driver behaviour.
3. Improve walking, cycling and public transport facilities within and around the school site and ensure that pedestrians and cyclist have priority over the private motor vehicle within and around the school site.

## ADVERTISED PLAN

### 6.2 Actions

Proposed actions for achieving each objective as detailed above along with the person and/ or organisation responsible for implementing these actions are provided in Table 6.1 to Table 6.3.

These actions should be reviewed by the Active Travel Plan Working Group (ATPWG) once established and amended and/ or new actions added as required.

The ATPWG is also to develop an “Action Plan” in addition to the GTP that outlines how each of the actions as listed in Table 6.1 to Table 6.3 will be achieved, time frame for achieving the action, and measure to determine progress to date on achieving the action. The Action Plan is to be agreed with the Wyndham City Council once developed.

The Action Plan should also be monitored and assessed annually and where actions have been achieved, they should be reported back to the school community via the school newsletter and/ or a special notice.

**Table 6.1: Objective One Actions**

No.	Proposed Action	By When	By Whom
1.1	Establish an ATPWG to plan, implement, manage, and assess the Green Travel Plan actions. The ATPWG should include the school Principal, at least one staff member and parent representative and a student from each year level.	End of Term 1, 2024	Principal, Staff, Parent(s), & Students
1.2	Produce a staff and student welcome pack that informs students, families and staff of the advantages and benefits of active travel. The welcome pack is to include maps and information related to the footpath network, bicycle routes, bus routes/ stops and bus timetables within and adjacent to the school site.	End of Term 1, 2024	ATPWG & School
1.3	Install a weatherproof noticeboard adjacent to the main entry points into the school building that shows all active travel maps and information related to footpath networks, bicycle routes, bus routes/stops and bus timetables and update this information annually or as required.	End of Term 1, 2024 & Annually	School

**This copied document to be made available for the sole purpose of enabling its consideration and review as part of a planning process under the Planning and Environment Act 1987. The document must not be used for any purpose which may breach any copyright**

No.	Proposed Action	By When	By Whom
1.4	Establish a calendar of regular active travel events to be run by school (i.e. ride to school day, walk to school, World Bicycle Day etc.) and publish in the school newsletter prior to the event occurring.	End of Term 1, 2024 & Annually	ATPWG
1.5	Provide incentive plans to promote Active travel for staff, students, and their parents (i.e. monthly based awards for most active student/ class, etc.)	End of Term 1, 2024 & Annually	School
1.6	Encourage students to make groups for walking and cycling based on the location of their homes.	Ongoing	ATPWG, Students & Parents
1.7	Work with Bicycle Network and Victoria Walks to develop school specific maps, programs and training courses related to active travel.	End of Term 1, 2024 & Annually	ATPWG, Bicycle Network, & Victoria Walks.
1.8	Establish a page on the school website that promotes active travel and provides links to external sources on Active Travel such as Public Transport Victoria Journey Planner.	End of Term 1, 2024	ATPWG & School
1.9	Encourage school to participate in Wyndham Active Travel Schools Program.	Term 1, 2024	ATPWG, School Principal & Wyndham City Council
1.10	School to supply Wyndham City Council with student home data / catchment map to provided up-to date information on student locations.	Start of each School Year	School
1.11	Undertake workshops with parents, students, Wyndham City Council, and school staff to facilitate discussion about the goals that are aiming to be achieved, any issues and concerns and what steps can be taken to provide solutions to any issues or barriers.	End of Term 1, 2024	ATPWG, Parent(s), Principal, Staff, Students, Wyndham City Council

**Table 6.2: Objective Two Actions**

No.	Proposed Action	By When	By Whom
2.1	Update the school map to include the location of the school drop off/ pick-up points, visitor & staff parking locations, and the associated time controls and include this map in the student and staff welcome pack.	End of Term 1, 2024	ATPWG & School
2.2	Produce an information sheet on how visitors and staff are to use the off-street car park and in taking care entering, exiting, and circulating through the car park.	End of Term 1, 2024	ATPWG & School

**This copied document to be made available for the sole purpose of enabling its consideration and review as part of a planning process under the Planning and Environment Act 1987. The document must not be used for any purpose which may breach any copyright**

No.	Proposed Action	By When	By Whom
2.3	Contact and work with the Wyndham City Council to have a "Speed Advisory Trailer Sign" located on Marquands Road and Sayers Road near the school to warn drivers that they are entering a school zone and when exceeding the post speed limit.	Annually	School Principal & Wyndham City Council
2.4	Complete a Parent Travel Mode Survey annually to determine how students are travelling to/ from school and to determine if there has been a shift in student travel patterns over the years. Results of the survey including a comparison to the previous year's results should be reported back to the school community via the school newsletter and/ or a special notice.	Annually	ATPWG & School
2.5	Review and update mode split targets after each annual travel survey. This can be set with the assistance of the City of Wyndham City Council's Active Travel and Road Safety Officer.	Annually	ATPWG, School & Wyndham City Council

**Table 6.3: Objective Three Actions**

No.	Proposed Action	By When	By Whom
3.1	Review annually the number of available bicycle parking spaces to ensure it meets the peak demand and construct new parking spaces if necessary. School can also seek grant funding from Bicycle Network to provide additional bicycle parking as and when the need arises.	Ongoing	ATPWG
3.2	Review regularly the condition of footpaths, shared paths, bike lanes and crossing points around the school site to ensure adequacy of the existing infrastructure. Report back to the Wyndham City Council if any repairs or new infrastructure is required.	Annually	ATPWG, School Principal & Wyndham City Council
3.3	Undertake a regular Hands-Up survey at school assembly or within the classroom to determine how children travelled to school and regularly submit these results to Wyndham City Council.	Middle of each school term	School
3.4	Contact and work with the Wyndham City Council to have the existing shared path located on the north side of Sayers Road extended to the school western boundary fence and have a gate added to the fence to improve accessibility between the school site, the residential dwellings located to the east, and Skeleton Waterholes Creek reserve.	Ongoing	ATPWG, School Principal & Wyndham City Council

## Late Buses 2022

---

Monday to Thursday evenings there are buses which are scheduled to leave the School at 5:30pm (Term 1 & 4) and 5:15pm (Term 2 & 3). This arrangement allows students to take part in after class activities such as chess, debating, sports training and musical rehearsals etc. All evening buses depart from the main bus bay area.

The late buses service all areas; however their drop-off points differ from the regular daily bus routes. Parents need to make arrangements to collect their children (if necessary) from the most convenient location nearest their home by observing the route the bus travels. Students are expected to tell the driver where to stop as there are no designated bus stops for evening buses. There are six evening buses. To view the maps please refer to individual evening buses via the Schoolbox under Transport.

### **Late Bus 1: Williamstown, Spotswood, Yarraville, Seddon, Kingsville**

School, Kororoit Creek Rd, right into Victoria St, left into Osborne St, left into Giffard St- Electra St, then to Douglas Pde continue along, left into North Rd, right into Melbourne Road to Williamstown Rd continue along until Geelong St.
