Attn: Sam Mason

Dear Michael,

Ferguson Wind Farm – PA1600139-B – Response to Further information

Please accept this as a response to further information for the Ferguson Wind Farm – PA1600139-B which seeks to amend the permit to include a permanent met mast on the land (retrospective).

In response to the request for further information we now provide:

1. Assessment to address impact of the anemometer on aircraft safety which has been prepared by Landrum and Brown. That report references the CFA *Guidelines for Renewable Energy Installations*, The AFAC Doctine – *_Wind Farms and Bushfire Operations*, as well as Guideline D of the National Airports Safeguarding Framework (NASF) – *_Managing the Risk to Aviation Safety of Wind Turbine Installations (Wind Farms)/Wind Monitoring Towers* (especially paragraphs 39 & 40)
2. Updated development plans, including:
 - a) Updated site plan to show: i. Location of the mast base footing and guy anchor footings; ii. Minimum distance of proposal from Princetown Rd; and iii. Minimum distance of proposal from nearby (within 2km) dwellings.
 - b) Details of aircraft safety marking/visibility measures shown on the elevation plans.
3. A tracked change copy of the permit is provided.
4. The anemometer is proposed to be permanent.
5. The lodged application form refers to both Lots 1 and 2.

I trust we have provided all the information required in a convenient form. Should you have any further questions please don't hesitate to contact me on my mobile on 0408 587 095, or by email at fi.cotter@energyforms.com.au.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Fi Cotter'.
