## ADVERTISED PLAN

Michael Juttner  
Manager Renewables  
Department of Environment, Land, Water and Planning  
Level 8, 8 Nicholson St, East Melbourne, VIC 3002

Dear Michael,

### **Timboon Wind Farm PA1600131A – Application to Amend Planning Permit**

Please accept this application to amend the planning permit for Timboon Wind Farm PA1600131A under Section 72 of the *Planning and Environment Act 1987*.

The application seeks approval for a permanent 41m high anemometer on the subject land. Two additional plans are submitted for endorsement under the permit showing the permanent met mast. No wording changes to the permit are proposed.

Accompanying this application are the following:

- Certificate of title
- Planning Assessment report
- Plans and elevations of existing/proposed layout (Appendix A)
- Photographs of the structure as built (Appendix B)
- Anemometer Installation Report (Appendix C)
- Copies of correspondence in relation to consultation with aviation stakeholders (Appendix D)

I trust we have provided all the information required in a convenient form. Should you have any further questions please don't hesitate to contact me on 0439 787 575, or by email at [tim.doolan@energyforms.com.au](mailto:tim.doolan@energyforms.com.au).

Yours sincerely,

**Tim Doolan – Senior Planner**
