29 March 2021

Dear Ms Baden-Smith,

This letter confirms the construction of the senior learning centre building at St Bernard's College will not change the approved number of staff or students at the School.

Currently, we have approximately 1,580 students, 129 teachers and 65 support staff. The new building has been planned to upgrade the College facilities and address the insufficient learning spaces. There will be no change to these numbers because of this proposed development.

Furthermore, we note that St Bernard's College has been registered as a school under the Victorian Registration and Qualifications Authority (VRQA). The College commenced its registration on 30 November 1942 and been on the current site for approximately 60 years.

Yours sincerely

Stephen O'Shea
Business Manager
