We wish to acquire a liquor licence in order to sell alcoholic beverages during our film screenings and exhibition events out of Mount Buller Cinema. We plan to screen our films 7 days a week during winter season and weekends during summer season. As such, to deal with the variables around the winter season, we propose that our licence be permitted all year round. This will allow us to use the licence during our trivia and gaming nights in the cinema, which will occur occasionally during the winter and summer months. We wish to provide alcohol sales from 12pm - 1am the following day. We plan to sell bottled/can beer/cider/RTDs, wine by the glass, and spirit cocktails at exhibition events.

Regards,

Daniel Rogers
