Subject: RE: Delburn Wind Farm - Planning Permits
Attachments: Permit Conditions for Delburn Project_amendments v3.3 for CFA.docx

Hi [REDACTED]

Further to the email correspondences below on this matter, now that the administrative appeal of the planning permits in the Supreme Court has been dismissed we are looking to formalise our application to amend the planning permits for the Delburn Wind Farm.

We are looking for written confirmation from CFA that the attached proposed amendments to the conditions are agreeable either by dated letter (preferred) or email. I note that referral agency confirmation needs to be dated within 3 months of any application (and hence the request for the updated confirmation).

I can confirm that the amendments to the conditions attached are the same to those consented to via email on 29 July 2022, except for:

- The requested change to the Bushfire Risk Familiarisation condition has been made to all 3 wind energy facility permits;
- All three wind energy facility planning permits are provided for fullness (rather than just the Latrobe example);
- Inconsequential changes to text formatting or reference to matters not relevant to those permits (i.e. visitor information centre is only in Latrobe and not the other LGAs) have been removed as being implemented by corrections to the permits by DTP.

We look forward to your reply on this matter and please feel free to reach out to Mark Potter or myself with any questions.

Regards,

[REDACTED]

Hi [REDACTED]

Following our recent discussion in relation to the above, please take this email correspondence as CFA consent in relation to the planning permit condition amendments subject to the wording change to Condition 34, as stated in the document sent in my last email.

Again happy to discuss if required.

Regards

Hi [REDACTED]

Hope this email finds you well.

Please find attached, CFA comments in relation to the Permit Condition for the Delburn project.

As you can see there is only one area of concern in relation to the permit condition amendments. I have put in the comments section the preferred wording for condition 34, from a CFA perspective. Please review this and if you have any issue, I am happy to discuss this matter in more detail if required.

Regards

Hey [REDACTED]

Attached is correspondence from Delburn Wind Farm in relation to proposed changes to the Planning Permits for the Wind Farm.

If you could please review the information and if you have any questions, don't hesitate to give me a call to discuss.

Kind regards
