Dear Planning, Design and Development Department,

Re: Saint Ignatius College, proposed building works of the new MacKillop Senior Centre

This letter is to confirm that the construction of the MacKillop Senior Centre will not change the number of car spaces required by the College.

This building will replace the old Administration Centre and will support the teachings of VCE, VET and VCAL programs through a variety of spaces, including 16 General Purpose Learning Areas, a dedicated Maker Space and a 412-seat lecture theatre.

Student and staff numbers are not expected to increase due to these proposed building works. There is already adequate parking provided throughout the campus.

Yours faithfully,

Michael Exton
Principal
