Good afternoon,

We refer to your recent correspondence regarding the proposed construction of a zip line within the BSL ski lease area.

ARV has considered the proposal and is satisfied that the use, as described, falls within the scope of the existing permitted use applicable to the lease. On that basis, ARV supports BSL progressing the proposal through the relevant planning approval process.

This correspondence is provided to confirm ARV's consent for planning application and permitted use purposes only. Any subsequent approvals, consents or authorisations that may be required under legislation, the lease, or other regulatory frameworks remain subject to separate consideration and approval through the appropriate processes.

Please do not hesitate to contact us should any further information be required at this stage.

Kind regards

**ARV Property**
