

Apply for a planning permit

Before you start

Department
of Transport
and Planning

Are you in the right place?

Only applications where the [Minister for Planning is the responsible authority](#) are to be lodged through this portal.

Check the schedule to Clause 72.01 of your [local planning scheme](#) to see which responsible authority issues planning permits for your location.

You will need these documents to submit this application:

- A full, current copy of title information for each individual parcel of land forming the subject site.
- A plan of existing conditions.
- Plans showing the layout and details of the proposal.
- Any information required by the planning scheme, requested by DTP or outlined in a DTP planning permit checklist.
- If required, a description of the likely effect of the proposal.
- If applicable, a current Metropolitan planning Levy certificate.

Fees will apply for this application - [find out about fees for planning applications](#). You need to pay all fees or request a fee waiver before you submit. We accept Credit Card payments online and support EFT payments.

This application will automatically save as you enter information.

Pre-application meeting details

Have you submitted a pre-application meeting request already for this site? No

Land details

Planning scheme Gannawarra

At least one location must be provided to submit this application. Options for defining locations are described below:

- **Auto-populate using land titles:** Street addresses are extracted from uploaded land titles (lot on plan and crown allotments are not supported by this feature).
- **Map interface:** Specify up to 300 properties and parcels using search, select and/or a GIS shapefile.
- **Manual entry:** Use this when other methods fail. Locations are accepted as entered and are not system validated.

Upload and scan land titles to automatically populate street addresses

1. Upload documents

2. Scan uploaded documents

- Detected street addresses will be added to the list below.
- You must check and confirm address details are correct.
- Documents are only scanned once. If additional documents are uploaded after a scan, only new documents will be scanned.
- Scanning of documents can take a few minutes to process. You will be unable to edit your application until this process has completed.

Scan results

Manual location details

It is strongly recommended that you use the map to search and select locations for land related to this application. Manually entering or editing locations could cause delays in your application processing if that location cannot be found.

Application details

Describe your proposal	Use and development of land for a Wind Energy Facility and Utility Installation (including a BESS) and associated works. A permit is required for: • the use of land and building and works for a Wind Energy Facility and Utility Installation within a Farming Zone • earthworks changing the rate of flow or the discharge point of water across a property boundary or which increases the discharge of saline groundwater • removal or lopping of vegetation, • removal or lopping of native vegetation • a building which is within 20m from a road that is not zoned Transport Zone 2 (TRZ2) or TRZ3 • business identification signage • creation or alteration of access to a road in the Transport Zone 2
Is this application a combined S96A application (i.e. a combined amendment and planning permit application)?	No
What is the application trigger?	Other
Please specify the provision or clause the application is required under (if known)?	35.07
Please select the application category	Change or extension of use Other buildings and works (including septic tanks, dams, earthworks) Native vegetation removal Other vegetation removal
Enter the estimated cost of any development for which the permit is required	Failed to convert value: 200000000000
What is the current land use?	Agriculture
Describe how the land is used and developed now	Agricultural use
Does this application look to change or extend the use of this land?	Yes
What is the proposed land use?	Energy Generation Facility Utility Installation
Energy type	Battery Wind

What is the renewable project name? Meering West Wind Farm

Generated capacity (MW) 1.5

Storage capacity (MW) 1000

Is the site within an irrigation district declared under Part 6A of the Water Act 1989? No

Please ensure engagement with Traditional Owners of the subject land is considered and outlined in consultation plans.

Privacy statement

The Department of Transport and Planning (DTP) is committed to protecting personal information provided by you in accordance with the principles of the Victoria privacy laws. The information you provide will be used for the following purposes:

- correspond with you about your application
- if necessary, notify affected parties who may wish to inspect your proposal so that they can respond
- if necessary, forward your application to a referral authority.

Your contact details may be used by DTP or its contracted service providers under confidentiality agreements to survey you about your experience with DTP.

The information you provide may be made available to:

- any person who may wish to inspect your proposal until the process is concluded
- relevant officers in DTP, other Government agencies or Ministers directly involved in the planning process
- persons accessing information in accordance with the Public Records Act 1973 or the Freedom of Information Act 1982.

If all requested information is not received, DTP may be unable to process your request.

You may access the information you have provided to DTP by contacting [Development assessment](#)
