# ADVERTISED PLAN

## Summary of Engagement

### Introduction

This document provides a snapshot of key engagement activities to date regarding the planned 5MW/1MWh battery at Wimbledon Heights, Phillip Island. This summary has been prepared to share with the Department of Environment, Land, Water and Planning in support of the Planning Permit application.

Additionally, Mondo has been engaged with Totally Renewable Island since its inception in 2018 and that Totally Renewable Phillip Island have been working alongside their community over renewable energy in general and battery storage specifically. The need for storage has also been highlighted in a Feasibility Study prepared for Totally Renewable Phillip Island.

### Key Community Activities

Item	Date	Notes
<b>Neighbour Visit</b>	August	Mondo personnel visited neighbours to alert them to battery program
<b>Neighbour Letters</b>	Early October	Battery timeline and process, and invitation to a briefing session on the 26 <sup>th</sup> of October. (Direct neighbours only).
<b>Media</b>	20 <sup>th</sup> October	Press release with uptake across local platforms including ABC Gippsland Radio. See summary overleaf.
