

Apply for a planning permit

Before you start

Department
of Transport
and Planning

Are you in the right place?

Only applications where the [Minister for Planning is the responsible authority](#) are to be lodged through this portal.

Check the schedule to Clause 72.01 of your [local planning scheme](#) to see which responsible authority issues planning permits for your location.

You will need these documents to submit this application:

- A full, current copy of title information for each individual parcel of land forming the subject site.
- A plan of existing conditions.
- Plans showing the layout and details of the proposal.
- Any information required by the planning scheme, requested by DTP or outlined in a DTP planning permit checklist.
- If required, a description of the likely effect of the proposal.
- If applicable, a current Metropolitan planning Levy certificate.

Fees will apply for this application [Planning and Environment Act 1987 applications](#). You need to pay all fees or request a fee waiver before [You submit](#). We accept Credit Card payments online and support EFT payments.

Land details

Planning scheme Benalla

At least one location must be provided to submit this form. Options for defining locations are described below:

- **Auto-populate using land titles:** Street addresses are extracted from uploaded land titles (lot on plan and crown allotments are not supported by this feature).
- **Map interface:** Specify up to 300 properties and parcels using search, select and/or a GIS shapefile.
- **Manual entry:** Use this when other methods fail. Locations are accepted as entered and are not system validated.

Upload and scan land titles to automatically populate street addresses

1. Upload documents

2. Scan uploaded documents

- Detected street addresses will be added to the list below.

- You must check and confirm address details are correct.
- Documents are only scanned once. If additional documents are uploaded after a scan, only new documents will be scanned.
- Scanning of documents can take a few minutes to process. You will be unable to edit your application until this process has completed.

Scan results

Manual location details

It is strongly recommended that you use the map to search and select locations for land related to this request. Manually entering or editing locations could cause delays in your request processing if that location cannot be found.

Location type Road reserve

Road reserve Part of Winton-Glenrowan Road Reserve will be used for access into the Project Site

Application details

Describe your proposal The construction, operation, and decommissioning of a utility-scale Battery Energy Storage System and associated infrastructure with an operational capacity of up to 400 MW/1600 MWh in Winton, Victoria

Is this application a combined S96A application (i.e. a combined amendment and planning permit application)? No

What is the application trigger? 53.22

Please select the application category Other buildings and works (including septic tanks, dams, earthworks)
Native vegetation removal
Other

Enter the estimated cost of any development for which the permit is required \$750,000,000

Is there a metropolitan planning levy requirement? No

What is the current land use? Agriculture

This copied document to be made available for the sole purpose of enabling its consideration and review as part of a planning process under the Planning and Environment Act 1987. The document must not be used for any purpose which may breach any copyright

**ADVERTISED
PLAN**

Describe how the land is used and developed now The land at 576 Winton-Glenrowan Road is a rural residential property with an overall area of approximately 15 hectares. The Development Area will occupy approximately 6.5 hectares within

this broader landholding. A small farm dam is located within the north-western corner of the Development Area, while an existing dwelling is situated near the southern boundary of the property.

Does this application look to change or extend the use of this land? Yes

What is the proposed land use? Energy Generation Facility

Energy type Battery

What is the renewable project name? Winton Renewable Energy Stability and Storage Terminal (WRESST)

Generated capacity (MW) 400

Storage capacity (MW) 1600

Is the site within an irrigation district declared under Part 6A of the Water Act 1989? No

Please ensure engagement with Traditional Owners of the subject land is considered and outlined in consultation plans.

Does the proposal breach, in any way, an encumbrance on title such as a restrictive covenant, section 173 agreement or other obligation such as an easement or building envelope? No

This copied document to be made available for the sole purpose of enabling its consideration and review as part of a planning process under the Planning and Environment Act 1987. The document must not be used for any purpose which may breach any copyright
