Dear Alistair

**Re: Request for planning permit support for Myrtleford Ski Club proposed entrance walkway**

Thank you for your letter, and for the concept drawings provided in the attachment *07178 Concept Design issue D*. We appreciate Myrtleford Ski Club's effort to enhance access by upgrading the walkway in accordance with the development obligations within the Agreement to Lease and New Lease.

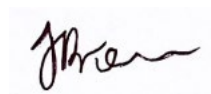

We have reviewed the concept design and after careful consideration, we are pleased to provide in principle support for the Club seeking a planning permit for the walkway in its proposed location. Please note that this is only support in principle to commence the planning permit process, not construction works. The planning permit process will allow us to provide further operational and design comments in due course.

Regarding the proposed relocation of the garbage receptacle pad, we understand that the Club initially suggested moving the bin, which we found unsuitable. We support your decision to abandon this idea and proceed without altering the location of the garbage receptacle pad.

We would highly recommend that the Club obtain further advice from Michael Dafnomilis, Department of Transport and Planning, directly at [michael.dafnomilis@delwp.vic.gov.au](mailto:michael.dafnomilis@delwp.vic.gov.au) or by organising a pre-application meeting through the planning portal. This advice will assist the Club in preparing and submitting a planning application with confidence and minimise any requests for further information which can lengthen the process.

Thank you again for your letter. Please do not hesitate to contact myself at [jenny.brown@alpineresorts.vic.gov.au](mailto:jenny.brown@alpineresorts.vic.gov.au) should you have any further questions of require further clarification with regards to the above.

Yours sincerely

Jenny Brown  
Leasing & Contracts Coordinator
